

Open Church at St Andrew's

Sunday June 17th: 2pm— 5pm

Of course the church door is always open, but come and see things that are not normally visible or you haven't noticed before.

There are medieval graffiti, 16th century monuments , a 17th century embroidery, a crypt, and maybe some stone monuments brought from St Ehelburga's Pilgrim Church, our original Parish Church which was in the fields about a mile south of St Andrew's. These will be being investigated by the team currently working on the archaeology of that site.

There will be Tea, Coffee, squash and cakes, too!
